

# Helping You Support Your PA

One skill at a time

Over **90** CPD  
accredited  
courses  
available to you  
and your PAs

# ILG Academy

The Independent Living Group was set up to support individual employers and promote independent living. We do this by collating useful information and creating bespoke tools to support you.

ILG Academy brings together a bespoke suite of e-learning courses for you and your PAs.

## Not Simply E-Learning

The ILG Academy will also be creating and hosting video tutorials and online workshops to supplement our e-learning programme. We will keep listening to feedback to ensure the courses we provide meet the needs of our members.

## Bespoke training designed for individual employers

### What We Offer

We have developed a huge range of courses broken down into packages that are easy to navigate. This makes the whole process fun and easy to manage allowing you to see yours and your PAs achievements at the touch of a button.
